

Public Pools

Montgomery Township Public Recreational Bathing Facilities

All Public Recreational Bathing Facilities in the Township are regulated by state and local codes. The facilities are required to be licensed and inspected each year by the Health Department. The following links go to applicable [local regulations](#) and [state regulations](#) on this topic.

The fee for an annual Public Recreational Bathing License is \$350.00 annually. The license application can be found here:

[Public Swimming Facility License Application](#)

Sanitation at Public Swimming Pools

The Health Department inspects every recreational establishment at least once a year at the start of the bathing season. We make sure that pool water is sanitary, that safety equipment is functioning properly, and that staff are properly trained.
