

HELP THEM FIGHT FLU

SO THEY CAN DO
WHAT THEY DO.

IT'S NATIONAL INFLUENZA
VACCINATION WEEK

Every year we observe National Influenza Vaccination Week to emphasize the importance of ongoing flu vaccination. Flu vaccines have been shown to be lifesaving in children, helping to reduce the risk of serious flu illness and flu-related hospitalization and death.

**THERE'S STILL TIME THIS SEASON FOR A
FLU VACCINE TO BENEFIT YOUR CHILD.
TALK TO THEIR DOCTOR TODAY.**

#FIGHT FLU
