

Private Wells

The Montgomery Township Health Department cares about the safety of your drinking water.

Most Montgomery households and businesses are on public water, which is provided by [NJ American Water](#).

However, many homes and some businesses have private wells, typically in rural and some suburban areas of town not serviced by NJAW.

Please contact the Health Dept. at (908) 359-8211 x 2227 with questions or email at [health \[at\] montgomerynj.gov](mailto:health@montgomerynj.gov) ().

NEW WELLS

Drilling a new well requires a permit from the Health Department:

[NEW WELL CONSTRUCTION PERMIT APPLICATION](#)

(interactive form)

A list of local licensed well drillers is found at the bottom of this page.

REPAIRING OR ALTERING A WELL

Making an alteration or repair to a well also requires a Health Dept. permit:

[WELL ALTERATION OR REPAIR PERMIT APPLICATION](#)

(interactive form)

Well Water Testing

New Jersey regulations require well water testing for all real estate transactions. Read more regarding the [New Jersey Private Well Testing Act \(PWTA\)](#).

A list of certified laboratories that do testing in the area may be found below.
