

Tree Care Information

Montgomery Shade Tree Committee Chairperson Larry Koplik demonstrates the right and wrong way to mulch young trees so they stay healthy and grow tall. Please don't overmulch the Township's Shade Trees or your own trees on your property. Produced by the Montgomery Shade Tree Committee with the kind assistance of filmmaker Bob Meola.

Pruning and mulching demonstrations and workshops for the public are conducted periodically. If you would like to attend one please contact [Shade Tree Committee](#).
